
DMRF SPRING 2019 Molly Appeal for WAVE 1 BRC or WAVE 2 RESEARCH FUNDING CALL FOR APPLICATIONS

Submission Deadline: **Thursday, January 31, 2019**

Dalhousie Medical Research Foundation's (DMRF) Molly Appeal has been DMRF's annual Maritime-wide public fundraising campaign since 1980. To date, the Molly Appeal has raised over \$5 million for annual medical research initiatives.

FUNDING PRIORITY:

DMRF invites applications for the **SPRING 2019 Molly Appeal** (to launch in **April 2019**). This CALL for APPLICATIONS is open to segments of both **Wave 1** and **Wave 2** research, welcoming applications from each of three components:

Wave 1 - Brain Repair Centre (BRC)

Wave 2 - Health Priorities Cluster

Wave 2 - Cardiovascular Diseases in Vulnerable Populations

This **CALL** invites all members of the **Dalhousie Medical School Research Community** to submit application proposals for each of these three components of research funding.

MAXIMUM FUNDING REQUEST: **\$100,000**

APPLICATION CONSULTATION:

- Applicants are **strongly encouraged to consult with the larger FoM research community**, to **identify areas of greatest need** and to **obtain signatures of support from Department Heads and multiple researchers** whose work will benefit from funding for this research application.

- Research teams are also encouraged to consult with the **Medical Research Development Office (MRDO)** and the **Associate Dean, Research**, particularly for applications involving core facilities.

CRITERIA:

- **Meet the stated funding priority**
- **Support from other Dalhousie FoM researchers**
To demonstrate, please provide signatures of support from fellow researchers who concur that the funding application is for an area of greatest need within the **FoM** research community and will promote and enhance collaborative efforts.
- **Provide a relevant and transparent budget**
- **Demonstrate multi-user benefits** for collective research efforts and results
- If applying for **equipment and/or core facilities**, **applications must** provide links to **benefits for multi-user research and collaboration**
- Successful application needs **compelling spokespeople** – researchers, clinicians, patients – to educate donors. The selected applicant must agree to work with DMRF to develop this area.

TO APPLY:

Complete the attached application (**maximum 5 additional pages**).

Please **deliver a completed print copy** of your application to the offices of DMRF. *Note *NEW* location:*
Dalhousie Medical Research Foundation 5743 University Avenue Suite # 98 (corner of Cathedral Lane)
AND email a completed copy to dmrff@dal.ca by 4:00 pm on Thursday, January 31, 2019

All applications will be vetted by DMRF's Scientific Advisory Committee (SAC).

The DMRF Spring 2019 Molly Appeal for Medical Research application selection will be announced in February 2019.

For questions contact: **Joanne Bath**, DMRF Director, Philanthropy – 902-494-1978 joanne.bath@dal.ca
Carol Murray, DMRF Manager Annual & Planned Giving – 902-494-8457 carol.murray@dal.ca
Jane Greenlaw, DMRF Annual Giving Officer – 902-494-2693 jane.greenlaw@dal.ca

DMRF Spring 2019 Molly Appeal Research Funding APPLICATION FORM

Principal Applicant:	
Faculty Position:	Department:
Project Title:	
Please provide a lay summary of the project emphasizing an area of greatest need for the FoM research community including: <ul style="list-style-type: none">• What are the benefits of this project for researchers, clinicians, patients and potential medical research advances?• Demonstrate aspects of the project with clinical applications, patient connections and potential for improved treatments.	
Full Name (PRINT) & Signature supporting applicants – fellow researchers who concur that funding is for area of greatest need:	
1.	
2.	
3.	
4.	
5.	
(Additional supporting applicants and signatures may be appended – Appendix A)	

PRINT NAME OF DEPARTMENT HEAD
